The False King (1/2)

The Ancient Heroes hosted a conference with the people of the Vanilla Kingdom, it was regarding the power vacuum now that their king, Pure Vanilla Cookie had..

" A new ruler? What happened to Pure Vanilla Cookie?! "

"Without somecookie to fill in the power vacuum, the Vanilla Kingdom will crumble! "

"It won't be the same without our king.. "

" I don't want another cookie aside from his majesty to rule over us! "

Chatter, chatter.

The kingdom was bustling, just like the Hollyberrian markets. But this was not talks of sales and products.

This was mourning. This was denial.

This was the death of a beloved ruler.

In the end, more than half, 59% of the Kingdom's population decided to elect a new ruler. It was a fierce,long and tiring debate, whether they should elect one of their own or have the other Heroes rule the kingdom of their late friend. Due to this, some cookies left the Kingdom and moved to other kingdoms or villages. Without Pure Vanilla, things would never be the same in the Vanilla Kingdom. But they had to move forward, out with the old and in with the new.

Having a ruler to lead,is better than no ruler at all.

Right?

Golden Cheese POV

i looked at the crowd of the Kingdom's people, of *my friend*'s people. They were all waiting for her to start.

She had to get herself together, jam it! She was the Queen of her Kingdom. She was one of the Ancient Heroes.

She cleared her throat, and began to speak.

"As you all know, 59% of you have decided to elect a new ruler, and the majority vote was to elect one of the Kingdom's citizens. The one elected will have to meet qualifications before becoming the official ruler of the kingdom. The voting will start in two days, and the results on 5 days."

There were quite a few people who were candidates for the position, a few remarkable ones included :

Custard Cream, a premier in Pure Vanilla's government. He was also a father to a newly baked cookie.

Whipped Cream Cookie, a soldier in the Dark Flour War, he had a good head on his shoulder and was well loved by the masses of the kingdom

And finally,

Lemon Syrup Cookie. A charismatic, young cookie that reminded everyone of their late king. *~~(But was he **really**?)~~*

I opened the envelope, and read the letter, the one that decided the future of the Vanilla Kingdom *~~(the one that jamed the kingdom)~~*

" Pure Vanilla Cookie's successor, and the new ruler of the Vanilla Kingdom is.. "

"Lemon Syrup Cookie!"

The crowd cheered, and yet, I was still uneasy.

Though the ruler of the Vanilla Kingdom, Lemon Syrup was not a pillar of the Dark Flour War and therefore was not, and could not be an Ancient Hero. They could not call him an Ancient.

"It's okay, I understand! The title is only meant for you guys, after all. The brave, undefeated heroes of the War! It'd be an insult to even suggest I take a position close to yours! Besides,I'm glad that the common cookies have one less fear about the Ancient Heroes fighting." He said, amicably. No wonder the people voted for him, he was likely going to be a kind ruler. *(~~The words were just like his name. Sickeningly sweet like syrup, but in reality it was sour beyond belief.)~~*

(They say hindsight is 20/20. They should have known it was a bad decision.)

_ — — — — — — — — — — — — — —
The first few weeks were good, it was reminiscent of the first few weeks of the Vanilla Kingdom, back when Pure Vanilla Cookie first started.

but all good things must come to an end, at some point.

Within three months of instating Lemon Syrup as ruler, he was starting to have a grip on the kingdom, like a dictator.

Rallies were mercilessly shot down, even the slightest change had to be approved by Lemon Syrup.

7 months of Lemon Syrup's rule, and at this point the entire kingdom was.. unhappy. Well, that's quite an understatement.The guards that Lemon Syrup hired to protect the kingdom were doing everything but protecting, stealing from the people and hurting them. The cookies were now forced to pay fees to enter and leave the Kingdom, and everycookie was afraid to voice out their opinion, in fear of being turned to crumbs.

'What on earthbread is happening to the Vanilla Kingdom? Why aren't they letting us out?'

'The prices are being raised like our dough when we were baked!'

'Why do I have to pay a fee to leave?? I was baked and raised in the Vanilla Kingdom!'

But things would only get worse.

_ _ _ _ ___ _____ _____ ___
1 year ;

A tyrant. This is what all cookies think of Lemon Syrup, but do not dare say out loud.

He uses his power as king to oppress those who can not serve him. Those that are too weak to fight, which results in death or being burned in the oven and then being thrown off a cliff to crumble and die. Just because they are unable to fight for the Syrup Kingdom.

Thats right. He renamed the Kingdom.

The Vanilla Kingdom's, no, the Syrup Kingdom's history, of a peaceful, beautiful kingdom was now tainted by Lemon Syrup's rule.

Why aren't the ancients doing anything?

They don't know about it. On the surface, the Vanilla Kingdom was the same as ever, if not with a new name. He excused the sudden isolation as " the Kingdom focusing on itself before other nations" for now.

And if they knew? They'd want to help. But they've only just won the Dark Flour War, and to do anything now would damage their own kingdom's even more. They will just have to help from the shadows.

Why cant the Vanillians- er, Syrupi just overthrow Lemon Syrup

Lemon Syrup Cookie is much, much more powerful than civilian cookies. Especially after the rise in rarity after becoming the ruler of the then Vanilla Kingdom.

Oh and the guards would make the rebelling cookies crumble.

'Cant the Vanillians just leave?'

If you had asked this question months ago, then yes. But you'd have to pay a fee. But now..

"Why can't the ancients fight Lemon Syrup?"

They'd risk endangering the people of the Syr- no. It was Pure Vanilla's Kingdom. The people of the Vanilla Kingdom.

And Lemon Syrup *knows* that.

Earthbread was recovering from the effects of the dark flour war, and to start another one now would be catastrophic.

What happened to Pure Vanilla, you ask?

You'll have to wait and see.

but as for now, Lemon Syrup still rules the kingdom.

Pure Vanilla POV

Ugh...

Why does everything hurt.

i wake up from my thoughts to find my self floating in a dark room.

It seems there's no light except for me?

im kind of shining, i think.

wait, who even am i?

and where am i?

Ugh.. too many questions.

I.. Need to see myself, can i perhaps find a mirror in the darkness?

I dont think so-

suddenly a mirror was now also floating in the darkness as i try to get to it, failing to move my body even an inch closer.

...

I wish i could move.

i once again tried to move, it failed.

'.. why did i think it would work.'

'Wake up.' an echo said.

huh? who is that..

'wake up!' the voice now screamed.

... its so loud-

'W A K E U P .'

the voice now appearing before me, they had bright white eyes that glow in the darkness, something that seems to be a ice cream cone, wavy hair going two ways, and over all clothes fit for a ruler.

i screamed in shock and fear, this voice just jumpscared me.

— — — — — — — — — — — — — —

'Hello?, Wake up.'

ANOTHER voice said.

i open my eyes, wait. When did i even close my eyes? .. what ever.

'Hi..'

the person smiles.

they look like a villager..

'My name is uhm.. well, i dont have a name. just call me villager 3'

'Okay.. so, villager 3 my name is-'

Liquid Vanilla drops on my face.

'Healer Cookie- Sorry, I meant Vanilla Cookie. Its just that i forget every once in a while about your name.. because your known for uh, healing?' Black Raisin Cookie said.

theres not alot of times that Black Raisin would get embarrased, clearly stating that they (I do not know Black Raisin's pronounce) were sorry.

'It's alright, Black Raisin Cookie.'

i made sure to make my voice more soothing, Not.. not like my voice isnt soothing.

'Okay..'

' Wait, I have a gift for the villagers!'

Vanilla Cookie pulled out a small puch containing 12 yellow jelly beans,

17 lvl 2 star jellies and most importantly, raisin jellies!

' Look, I know its not much but.. I hope you enjoy it.'

The villagers were in awe, how did Vanilla Gather this much jellies. And moee importantly, this was the most jellies they had ever seen.

A child came to Vanilla Cookie, their eyes basically giving the sign off ' what's this?'

The child's parents looked at the cgild and said 'Say thank you to,

Vanilla Cookie, Chocolate Drop!'

the child, which's name was ' Chocolate Drop' had said thank you.

My heart was as warm as it can be, I will do every thing i can to protect this Child and this village.

short chapta sorryy

Muahuahuahua

I am back from like a bunch of days.

It is time to bring back this dead story!

Finally Found You

In a Dark forest, you could find two cookies standing together. one had Black hair, shoulder length hair. he had brown eyes, casual clothes such as hoodies.The other had light pink hair, and strawberry syrup for acessories, they had buns that looked like strawberries, and wearing t-shirts with strawberrys as design on it.They seemed like a common cookie,but they weren't. They are "Choco Swift Cookie" and "Berrilyn Cookie" or more commonly known as ; Dark Cacao Cookie, and HollyBerry Cookie.

They were still finding Pure Vanilla Cookie, who has been missing for around a year and a half. The Emerald Kingdom, formerly known as the Vanilla Kingdom was crumbling. the Cookies that lived there never usually died, before Pure Vanilla's dissapearance. Now of course, you expect a death every 1-3 days. Minty Scoop is a terrible leader, and should have never won that stupid election.

HollyBerry/ Berrilyn Cookie Pov

Me and Dark Cacao- Sorry, Choco Swift Cookie. Head out of the forest and into what seems like the outside of the Village.We head forward and see the sign,the sign says " Raisin (Sorry. I cant find the name of the Village) Village"

We walk forward to see a Cookie with yellow hair, a bit wavy but short, just head length, wearing a yellow shirt with a flower design.

The cookie turned its head to greet us, looks like he sensed us here,but I saw something I didnt expect. I saw those eyes that I thought id never see again.

"Pure Vanilla Cookie?"

Wrong Cookie

Berrilyn POV

The cookie with the same eyes as Pure Vanilla's looked at us confused.
"Ah! Perhaps you have mistaken me for another cookie? I do not know who you are talking about."

What? They even sound the same!

Dark Caca- Chocolate Swift came in and looked at me, then this Maybe! Pure Vanilla.

" No, we are quite sure that you are the one we are looking for"

Maybe! Pure Vanilla still has this confused look from earlier, but he decided to speak anyway

" Alright? Then what do you two cookies need?"

I step in, wanting to atleast talk.

"Pure Vanilla-" I was interrupted by a guy,wait no is she a girl? Whatever.

I was Interrupted by a raisin cookie that looked shock, but went back to her original expression (annoyed/ angry-ish)

"How did you get past here? we've put traps and challenges we've put back here."

"What?! so you guy's are why my arm almost crumbled, Da- Choco Swift almost got soggy?" I say.

"Unfortunately yes but- I'll mind you later, Vanilla Cookie! There's many wounded. They need your help!"

this so called "Vanilla" Cookie looked at us and said his goodbyes

for now.

" Sorry for the inconvenience, but i must help the villagers first!" with that he ran off with that raisin cookie.

I look at Choco Swift Cookie, he does the same.

"So, what do we do now?" I say

"I don't know."

"Dar- Choco Swif- Oh my Earthbread, Whatever. Dark Cacao! Our plans from a few months ago had just went into the trash bin. What should we do now?" Hollyberry asks.

"I do not know, For now we should think of ways to try and talk to Pure Vanilla." Dark Caca says calmly.

"I have an idea? Maybe we should barge in and take Pure Vanilla?" Hollyberry says.

"That is, quite a dumb plan. We don't know what were facing in this village. I plan for us to sneak in and take Pure Vanilla." Dark Caca told.

"Hm, I have a better but harder plan.
We should try to earn the villager's trust, tell them about what happend to the pure vanilla kingdom and that we were citizens who escaped, after getting their trust we wilk talk to Pure Vanilla! We have to lie but this is the best option. No Cookienapping involved."

———

yea i designed this chapter to be like a question for all of you. which plan should they try? if you want, i will make all 3 endings of what happend in each route. diffrent paths and diffrent out comes, ofc its gonna take alot of my motivation but what ever :D every time somebody comments saying they like i get really happy and motivated for some reason, because usually i think my books are cringe.

Yikes.. Costumes?

"so, since we have new plans. We're going to need new disguises." Said Hollyberry.

"Isn't there a costume shop in a nearby kingdom?" Dark Cacao asked.

"Yes, we could head there now." Hollyberry stated.

"Then we should go. the faster we go the faster our plan succseeds."

"Agreed."

—

We walk over to the Kingdom, with a fancy sign saying "Cookie Rest Kingdom, a kingdom where you can temporarily stay when you need a break! or when you need to rest or heal from your battles." the sign also had an arrow pointing forward, showing that the kingdom is foward and that we should keep moving that way.

—

The Kingdom was beautiful. with many plants, cookies at peace and kids running around, this was a small but beautiful kingdom. Both of us went to a cookie with a apron and leaf green hair, who was holding a pot where a plant remained in.

"Hello? Do you know where the Costume shop is?" Hollyberry asked.

He looked at us, a bit confused before realizing what we meant.

"Oh! Mont Blanc's Costumes? you should go right and then go straight, you can find a sign saying ' Mont Blanc's Costumes.' " Looks like he didn't visit the costume shop much since he forgot about it.

" Thank you." Dark Cacao thanked the leaf green haired cookie.

—

"Mont Blanc's Costumes!"

—

Sorry im too tired for this since its quite late and i've been in a bad mood since thursday so i tried to upload today. I'll try my best to upload more

CRK discord

If the cookies had discord at 3 am (Chaotic) (Gone Wrong) (the police had to come in)

New Villagers

After getting costumes, they decided that their names would be Cranberry, and Light Chocolate Cookie, which Dark Cacao didnt really approve of.

Anyways, their costume was simple, really. but it looked well enough. the only part was the hair, Hollyberry would have never had braids, if it werent for the costume.

As they leave the newfound kingdom, they look back at it. though short, the duo liked the kingdom. It was very diffrent from their own. They look at it, one more time, before leaving to find the Raisin Village once more.

—

"So, How long till we reach the village?" Ho-Cranberry asked.

"around a day." (equal to a chapter release) Light Chocolate replied.

"Oh."

The two kept walking forward, searching for the Raisin Village.

—

Mmm hi. Sorry, i sort of left the fandom for awhile, but now im back and ready.

Bonding

I have no idea how they got in the village. Also oops, I forgot wattpad existed. I was stuck in the AO3 hold

—

We approach the Raisin Village once again, this time equipped with a official plan. Choco Swift Cookie slices away the pesky vines covering the path with his sword, barely concealed due to the lack of resources they could use to conceal it. Berry Swirl stops for a moment.

"Ah,I'm starting to miss the others.. " The Pink haired cookie says, as she folds her hands together. "Don't, they are traitors. They would rather follow a tyrant than look for their friend. Than to believe in him. Come now, We need to keep going so we can defeat Minty. " He spat the cookie's name out as if it were a curse.

—
It had been a few hours after their conversation, and they were nearly out of supplies. Berry Swirl suggested to stop travelling for a bit and look for resources.

The duo then went on their way to find food and other materials, they would probably need to travel for atleast another day until they reached the village.

—

As she was picking up some star jellies from a bush, Berry Swirl heard a branch snap. The cookie immediately got her make-shift sword and her shield,as she looked for the source of the sound

"Who's there?" Berry Swirl asked. She was met with silence.

Berry Swirl cautiously looked out for what made the noise, as there weren't many harmless creatures in this area, and not many creatures at all.

From there, a familiar face with golden wings pops up from a bush.

A familiar face. Somebody she knew.Somebody she knew *very well.* ~~(Or, well, at least *used to*)~~

Golden Cheese Cookie, in all her golden,glamorous glory was looking a little less fabulous than usual.~~By less she means covered in dirt,grime,leaves. a bit of their clothing torn and dirty.~~

"Golden Cheese..? " Berry Swirl asks slowly.

"Holly Berry..? " Golden Cheese asked, she could tell whose voice that is any day, though she didn't recognize her at first due to the costume.

Holly Be- no, Berry Swirl only stared at her silently.

" Berry Swirl. What are you doing here, *Golden Cheese?* " Berry Swirl asked.

She couldn't forget the way Golden Cheese and White Lily just.. Chose not to search for Pure Vanilla. They knew that there was a possibility that he was still *aliv*e, hell, that possibility was over 20%! The Golden Cheese she knew would have taken the gamble, just for the chance she could find Vanilla.

She doesn't know the reasons why White Lily and Golden Cheese chose not to look for Pure Vanilla,but it didn't change the fact that they didn't.

Golden Cheese flinched and took a step forward. " I've been looking for you. You and Dark Cacao. To..to help you guys look for..Pure Vanilla. " She replied.

Holly Berry pondered. It would be useful to have another member in their search, it might even speed up Pure Vanilla getting his memories back. Plus, more people is more people to help.

It should be fine.

"Well,one more couldn't hurt..We need all the help we can get to find Pure Vanilla,after all. I would have to ask Choco Swift,though."

Holly berry said. "But remember,if he does let you join us, you only have *on*e chance. Don't mess it up. " she told her.

They made their way to find Choco Swift, the walk was silent. Too silent.

"Soo..Why do you look like you've been out in the wilderness for days?You're covered in dirt. " Though Holly, er, Berry Swirl and Golden Cheese currently weren't on the best of terms, Berry Swirl easily fell back into casual chatter with her.

"Well,thats because I have. And also because I encountered a monster plant." She sighs dramatically. "Those things are hard to kill! I have a soul jam, for bread's sake!" She complained, easily falling back as well.

Then, Berry Swirl stopped. Golden Cheese was about to ask her what happened, but she interrupted her.

" Choco Swift- wait, you don't know his name, Dark Cacao is Choco Swift, he's here. Stay behind me, Golden Cheese. " Golden Cheese did as Berry asked, and got behind her.

" Is that you, Berry Swirl? " Choco Swift asked.

" Yeah, it's me. " She said. Choco Swift turned around and-

"*You.*" He seethed, his sword clashing against her spear. " I should have known that Minty would send out spies. "

"I'm not- a spy! " she barely spit out, focusing on NOT getting cut in half by her (former?) friend's sword.

"Likely story. Berry Swirl, knock her out with your shield-"

"Wait." Dark Cacao looked at her.

" You seriously don't believe her, do you? "

" I do. She's not a spy. She wants to help. " He glances at Golden Cheese.

"I really do. I promise. "

Eventually, he caved in. " Fine. But this doesn't put us on good terms. "

"That's fine. I know it'll be awhile until we can all be fine with each other. "

" Help us get resources, we just ran out, and now we need to get more since we have another mouth to feed."

"Oh, well.. " She grabs her back and opens it, revealing actual food, like chicken and cake. (Cause I refuse to believe anyone can eat sweet stuff all their life without getting sick of it. And food doesn't expire in this story.)

"I packed food for 4 people. For me, for both of you in case I saw you, and for White Lily if she joined me. "

Berry Swirl takes one for the bag and eats a bit of it. " Oh my dough, I haven't had real food in ages. " she continues eating it. " How on earthbread am I supposed to go back to star jellies after this? "

Choco Swift also takes one, and so does Golden Cheese.

They haven't been this relaxed with each other ever since.. *That.*

—

" Both of you,look ahead there's a village. Berry Swirl ,is this the right one?"

" Hmm..Raisin Village? Oh! yes,this is the correct village." Berry Swirl exclaimed.

"Raisin village? why are we going there?" Golden Cheese was confused. Were they going to stop by for some rest?

" It's because Pure Vanilla is in this village." the two said in unison.

"what? Pure Vanilla is in this village?"

"We encountered him in this village not too long ago, but he doesn't remember us. Amnesia,I'm pretty sure. "

"Doesn't remember you? Do you think the reason he lost his memories is because of *that?* " Golden Cheese hesitantly asked.

"It's.. a possibility. A very real one. "

"Are we going to wait until night to enter? I'm sure we'd be interrogated by that same cookie if we entered at day. " Holly Berry asked.

"Yes.I don't want to deal with all those annoying questions. " Dark Cacao sighed.

' that cookie? ' Golden Cheese wondered.

" We'll be camping, atleast until night strikes, just so we don't get caught. "

"All right. I'll set up the tent. "

—

"It's night time. We should enter the village now."

"Golden Cheese, I'll boost you up the wall. Take the rope so me and Holly Berry can climb up. *Be quiet.* We don't want other cookies to notice us. Be stealthy."

Golden Cheese nodded, and climbed the wall as Dark Cacao lifted them up. Then, Golden Cheese let down the rope for Holly Berry and Dark Cacao to climb.

The trip then slowly climbed down the wall one at a time, until they were safely down.

"I think it's good that all of us are a bit dirty and are wearing ragged clothes. We look just like the villagers. " Holly Berry said.

"I agree, but.. Where are we supposed to stay? Aren't we temporarily homeless?? " Golden Cheese questioned.

"Uh. Maybe in one of the inns? If they have any.."

"That's a good idea. Let's find some tomorrow, okay? For now, let's find a place to sleep. "

A/N.

So I can't believe it's been over a year since I last updated. I've left the crk fandom and I forgot about wattpad. Originally, this was supposed to be posted a few weeks after I last posted (around 2022) but I was focusing on school, then I lost my interest in Cookie run so yeah.

By the way, I haven't caught up to any of the lore in CRK so this was all based on 2021-2022 CRK (or from what I remember) so there will be inaccuracies.

This story is officially discontinued and abandoned, if anyone wants to take this story up feel free to do so!

Also if you saw this updated like 30 minutes ago no u didn't

Authors Note

Helllooo everyone!! Bet you didn't expect an update from this story.

I asked my friend if I could continue and rewrite their story and they said yes. To make things easier for me and pre existing readers I just logged into their account!

My name is Nyzie, and I'm the new author of the story! I just updated the first chapter, please drop suggestions in the comments!! :DDD
